PROJECTS

LARAVEL JOBS WEB APPLICATION

2023

Developed a web application using Laravel (PHP Framework), Blade, Tailwind CSS, and other technologies. The project is available on GitHub. The application enables hiring managers to post job vacancies, while users can view and apply for available positions.

DOCTOR APPOINTMENT SYSTEM

2023

Developed a Doctor Appointment System using Laravel, Bootstrap, Blade, Livewire, Jetstream, and Vue.js. The application allows patients to conveniently book appointments with doctors. The project is available on GitHub.
